# GENERAL INFORMATION

## SALE TIME:

1:00 p.m., M.S.T., Tuesday, December 1, 2020.

## LOCATION:

1 1/2 miles south of Etzikom on Highway 885 ~ Signpost 61033

## DELIVERY:

Free delivery within a 350 mile radius of the sale; further, for the cost of our fuel on all cattle.

## HEALTH:

The health of the cattle is excellent. Calves receive 7 Somnus with Spur plus Pyramid FP4 & Presponse at branding and in October. Cows and yearlings receive Pyramid FP5 in May. All cattle had Pourn Ivomec in October. Females all pregnant, checked and fetuses sexed in September by Dr. Krista Dayman.

## SPECIAL SALE CONDITION:

All bull buyers have the option to let us winter the bull for \$70 per month for bull calves, \$100 per month for yearling bulls, until they wish delivery. We will semen test the bull calves next spring before delivery.

## BULL GUARANTEE:

Each bull will be guaranteed unconditionally for 3 full breeding seasons. We will replace unsatisfactory bulls or you can receive credit for the difference between the purchase price of the bull and \$1100 or your salvage value, whichever is more, and less your usage.

Example: You buy a bull for \$3200. You use him 1 year and then he dies. We will give you \$1400 credit at a future sale. \$3200 - \$1100 = \$2100, or \$700 per year.

## TERMS:

The terms of the sale are cash, cheque or etransfer. Please include wintering charges in the amount. Credit arrangements may be made prior to the sale.

## SIGHT UNSEEN PURCHASE PLAN:

If you are unable to attend the sale, give us a call with your requirements. Satisfaction guaranteed. If you don't like the bull when we deliver him, we'll keep him. This year, we are pleased to offer online bidding through DLMS. Another option is for us to phone you minutes before your pick is being sold ~ You can hear the auction over the phone and bid without anyone knowing your limit.

## RESPONSIBILITY:

Everyone attending the sale does so at their own responsibility, and without liability on the part of the owners or their employees.

## LUNCH:

Coffee and donuts available all day, and lunch will be served from 11:00 a.m. until sale time.

## COVID-19:

In order to enable everyone to practise safe social distancing, we will do our best so that everyone will be able to observe the recommended protocols on sale day. This could include using the Etzikom Community Hall, as well as our shop for both eating and watching the sale.

## Can't make it to the sale? Internet Bidding Available.

To view this sale visit [www.dlms.ca](http://www.dlms.ca), Fill out the registration form located under registration and sign-up for your free user account and select a username and password.

# WELCOME TO OUR 36th ANNUAL PRODUCTION SALE

It is with pleasure that we welcome you to our 36th annual production sale and the 14th video sale to be held on our ranch. We feel this sale offers you a chance to incorporate into your herd some of the very best maternal genetics you can find anywhere. We have bred our entire herd A.I. to the very best bulls in North America for 47 consecutive years. Breeding A.I. means never being outbid on a bull we want or settling for second choice. The chart below compares the average Hereford and Angus bull born in 2019 with our average sale bull:

	CE	BW	WW	YW	Milk	SC	Udd. Sus.	Teat	REA	Marb
Average 2019 Hereford Bull	+2.2	+3.0	+51.1	+82.4	+23.5	+0.9	+1.2	+1.2	+0.35	+0.09
Stromsmoe Average (28 Bulls)	+2.6	+3.8	+56.9	+89.3	+29.3	+1.1	+1.3	+1.3	+0.29	+0.11

# HOW TO READ AND USE THE DATA

EPDs are the expected differences in performance and carcass quality of an animal's sons or daughters. Comparing EPD values allows us to obtain a difference between two animals.

Consider Bull A with a +60 EPD for weaning weight and Bull B with a +40 for weaning weight. On average, you can expect calves from Bull A to wean 20 pounds heavier than those from Bull B. If they each sired 25 calves, you could expect to market 500 more pounds of calf by choosing Bull A.

You might sell all your calves at market in the fall. Since you do not retain ownership in the calves, you might think that looking at yearling growth and carcass quality has no importance. I beg to differ.

**The feedlot buyer knows exactly how well your cattle fed and graded, and will bid accordingly in the future.**

## PRODUCTION EPDs

**CE (Calving Ease)** is expressed as a difference in percentage of unassisted births in first calf heifers. If you use a +7 CE bull instead of a +2 CE bull, you can expect to help 5% fewer heifers at calving time.

**BW (Birth Weight)**, expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

**WW (Weaning Weight)**. This is the number you look at for weaning weight. The bigger the better.

**YW (Yearling Weight)**, expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires. High yearling weight does have a positive correlation to larger mature size.

**SC (Scrotal Circumference)**, expressed in centimeters, is a predictor of scrotal size. Large scrotal size has a positive correlation to early fertility in heifers.

## MATERNAL EPDs

**MILK**. The milk EPD is something to look at if you are retaining heifers. The higher the number, the more they are expected to milk.

## CARCASS EPDs

**CW Carcass Weight (Angus)**. Expressed in pounds, this is a predictor of the difference in hot carcass weight of a sire's progeny compared to progeny of other sires. The bigger, the better.

**REA**. The ribeye area EPD: the bigger the better.

**Marb**. The marbling EPD: the bigger the better.

*Underneath the EPDs is the Breed Percentage. This is the percentile of where each bull fits in the entire breed.*

## PIGMENT (Herefords)

This is the percentage of pigmentation around each bull's left eye (LE), right eye (RE), and scrotum.

## AGE OF DAM

The age of the bull's mother when the most recent foot and udder scoring was done. We score the feet on a dry, frozen winter day (and always the worst foot). We score the udder the day the calf was born and before he has sucked (again on the worst quarter). We have included the cow's age as the scores often become worse as the cow gets older.

# HOW TO READ AND USE THE DATA

## FOOT SCORE

We score the foot angle and the claw set on the mother of each sale bull.

## UDDER SCORE

We score the udder suspension and teat size on the mother of each sale bull.

## DOC (Docility)

We score the docility on all of our cows on a 1 - 9 scale within hours of giving birth. 1 - 2, you can ignore the cow; 3 - 4, be careful; 5 - 6, you need a stick; 7 - 8, weighing is a two-person job; 9, the cow hunts you. When we tag and weigh our Hereford newborns, we sit on the calf and ignore the cow. Since the Angus breed came out with docility EPDs, we have made it a real priority to select sires with better dispositions.

## ACT. B.W.

The actual scale birth weight of each bull.

*We have scale-weighed every newborn calf (both registered and commercial) for the past 37 years. Our neighbours probably thought we were crazy driving our tractor all over the pasture with the bucket up! We have used a tape, but only to compare. Every weight we write down is a scale-weight. We have found the tape to be 6 to 12 lbs light, and birth weight is too important to our customers (and our industry) not to be completely accurate.*

*Our new scale is a real back-saver*

*We occasionally weighed in the barn.  
98% of the time like this.*

## W. I. (WEANING INDEX)

The weaning index of the bull. Average daily gain from birth to weaning with slight adjustments for age of dam (so we can fairly compare calves from heifers to those from mature cows). The average of our herd is always 100.

## Y. I. (YEARLING INDEX)

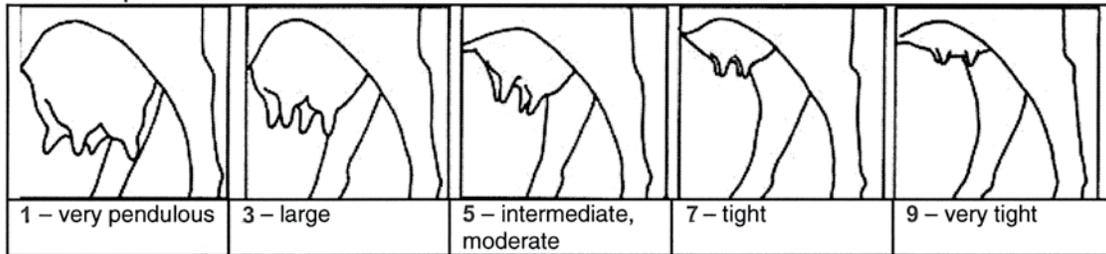

The yearling index of the bull. The average of our herd is always 100.

## OCT. 10 Wt. and S.C.

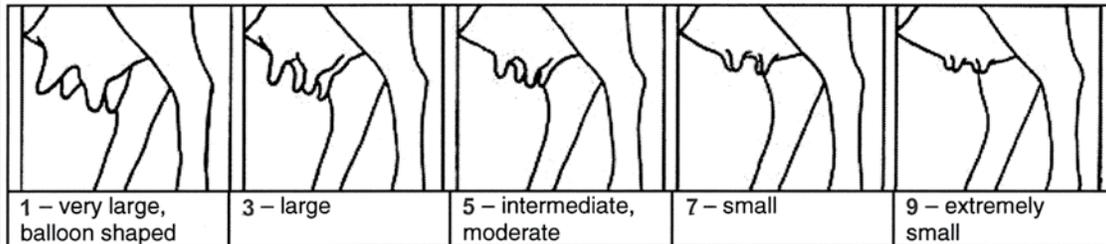

The most recent weight and scrotal circumference measurement. Both numbers increase dramatically by sale day. We will have updates on our website a few days before the sale.

# HOW TO READ AND USE THE DATA

## Udder Suspension

## Teat Size

Neighbours helping with our spring move.

His B.W. EPD should be really low.

CAN 29Z and her powerful Growth Fund bull calf.

NAC 19H - top son of KCF Bennett Acclaim C442.

# FOOT SCORE GUIDELINES

## Foot Angle (5 is ideal)

## Claw Set (5 is ideal)

**1** Extremely straight pasterns.  
Very short toe. Unsound.

Extremely weak, open,  
divergent claw set. Unsound. **1**

**2** Straight front and rear pasterns.  
Marginally unsound.

Open, divergent claw set.  
Marginally unsound. **2**

**3** Moderately straight front  
and rear pasterns.

Moderately open/divergent  
claw set. **3**

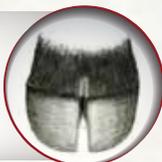

**4** Slightly straight front  
and rear pasterns.

Slightly open/divergent  
claw set. **4**

**5** Ideal. Approximately 45-degree angle  
at pastern joint. Appropriate length of  
toe and depth of heel.

Ideal. Symmetrical claws, with  
appropriate space between claws. **5**

**6** Slightly shallow heel and long toe.

Slight tendency for claws to curl.  
One claw may be slightly larger  
than the other. **6**

**7** Moderately shallow heel and long toe.  
Somewhat weak pasterns.

Tendency for claws to curl, with one  
claw larger than the other. **7**

**8** Shallow heel and long toe.  
Marginally unsound.

Moderate scissor claw and/or screw  
claw. Curling of one or both claws. Near  
crossing of claws. Marginally unsound. **8**

**9** Extremely shallow heel and long toe.  
Extremely weak pasterns. Unsound.

Extreme scissor claw and/or screw  
claw. Pronounced curling of one or both  
claws. Crossing of claws. Unsound **9**

# HEREFORD COMMERCIAL COWS

Four year old Hereford cows sired by HH Advance 0132X and bred A.I. to the Angus bull, Bush's Easy Decision 98, and then exposed to Angus clean-up bulls until August 4th, for baldy heifer calves. Free delivery within 350 miles on all sale cattle. You are free to pick and choose cows from each lot.

LOT A	Cow	Date of Birth	Sire	Dam	Oct. 10 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date	Sex of Calf

Udder +1.20	Teat +1.20	REA +0.78	Marb +0.33

# ANGUS COMMERCIAL BRED HEIFERS

The Lots F, G, H and I are straight black, and they sell bred A.I. to the highly proven low B.W. and high marbling Hereford bulls, Churchill Sensation 028X, or Schu-Lar Selection 16C. After A.I., they were exposed to CL 1 Domino 866F, a low BW, high marbling bull we purchased last year from Cooper Herefords in Montana. The BW EPDs of these three bulls are -2.4, -1.2 and -0.4 respectively (all in the top 2% of the breed), and their marbling EPDs of +0.30, +0.48 and +0.36 are all in the top 4% of the breed. Each heifer is guaranteed to wean an excellent calf. We will deliver them free of charge within 350 miles of the sale, further for the cost of our fuel. As with the cows, you can pick and choose from each lot, but each lot will have a maximum of two buyers. We will post updated weights on our website two days before the sale.

LOT F	Heifer	Date of Birth	Sire	Dam	Oct. 10 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date	Sex of Calf
	142G	April 8/19	39E	204D	1075	June 15	16C	March 23 (A.I.)	?
	155G	April 13/19	39E	50B	1105	June 16	16C	April 6	F
	191G	April 22/19	39E	65A	1175	June 18	Sensa	May 3	?
	203G	April 26/19	69E	17C	1110	June 20	Sensa	March 28 (A.I.)	Bull
	205G	April 26/19	39E	9B	1105	June 19	Sensa	March 27 (A.I.)	Bull

Four of these heifers are sired by 39E, a strong-topped son of S A V Resource 1441, that sold in our 2018 sale for \$9,000, to Sunrise Colony.

LOT G	Heifer	Date of Birth	Sire	Dam	Oct. 10 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date	Sex of Calf
	19G	March 21/19	Acclaim	41D	1105	June 12	16C	March 20 (A.I.)	F
	149G	April 10/19	69E	46B	1085	June 19	Sensa	March 27 (A.I.)	F
	151G	April 10/19	69E	85C	1115	June 17	16C	April 21	?
	176G	April 17/19	7E	64E	1120	June 19	Sensa	May 1	?
	188G	April 21/19	69E	97D	1070	June 17	Sensa	April 15	Bull
195G	April 23/19	39E	61C	1080	June 11	Sensa	April 6	F	

Three of these heifers are sired by 69E, a son of Bush's Easy Decision 98, that sold for \$7,750 to A & L Robbins, in our 2018 sale, and has matured into a really impressive bull.

LOT H	Heifer	Date of Birth	Sire	Dam	Oct. 10 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date	Sex of Calf
	58G	March 25/19	100X	10E	1055	June 11	16C	April 13	F
	158G	April 13/19	29E	60B	1060	June 12	16C	April 11	F
	169G	April 16/19	39E	198D	1050	June 19	16C	March 27 (A.I.)	F
	175G	April 17/19	29E	13Y	1065	June 17	Sensa	March 25 (A.I.)	Bull
	180G	April 18/19	69E	15B	1050	---	---	April 16	?
219G	May 7/19	29E	68D	1030	June 19	Sensa	March 27 (A.I.)	F	

Three of these heifers are sired by 29E, a good Resource son that sold in our 2018 sale to 9 Bar Ranch.

LOT I	Heifer	Date of Birth	Sire	Dam	Oct. 10 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date	Sex of Calf
	46G	March 24/19	Pres	149Y	1010	June 19	16C	March 27 (A.I.)	F
	152G	April 11/19	29E	68B	1015	June 18	16C	April 21	Bull
	194G	April 23/19	39E	8T	1030	June 19	Sensa	March 27 (A.I.)	?
	218G	May 6/19	29E	96D	932	June 19	Sensa	March 27 (A.I.)	F
225G	June 2/19	29E	26U	1050	June 19	Sensa	March 27 (A.I.)	F	

Four of these heifers are due on March 27. 46G is a fancy daughter of the \$750,000 S A V President 6847. 194G was orphaned late in the summer - she is moderate in frame and has incredible thickness and fleshing ability.

# HEREFORD COMMERCIAL BRED HEIFERS

The straight Hereford heifers in Lots J, K and L all sell bred A.I. to B P F Special Focus 504, an Angus BW specialist at -1.3. His calves are almost always unassisted. The reports have been so good, so this is the sixth year that we have used him on our Hereford heifers. After A.I., they were exposed to low BW Angus bulls until August 4th.

LOT J	Heifer	Date of Birth	Sire	Dam	Oct. 10 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date	Sex of Calf
	156G	April 13/19	97E	167A	1075	June 12	SF	March 20 (A.I.)	F
	163G	April 14/19	97E	157B	964	June 14	SF	March 22 (A.I.)	F
	186G	April 19/19	97E	119D	956	---	---	May 9	?
	193G	April 22/19	97E	114D	986	June 18	SF	March 26 (A.I.)	F
	207G	April 28/19	97E	151C	1035	---	---	May 5	?
	217G	May 5/19	97E	94W	1075	June 19	SF	March 27 (A.I.)	Bull

These heifers were all sired by 97E, a fancy, eye-appealing bull with excellent hair that sold in our 2018 sale to John Williamson. 217G is a pigmented May heifer from 94W - a really productive 11 year old cow.

LOT K	Heifer	Date of Birth	Sire	Dam	Oct. 10 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date	Sex of Calf
	98G	March 30/19	70E	150E	1085	---	---	May 5	?
	106G	March 30/19	5044C	85D	924	June 19	SF	March 27 (A.I.)	F
	122G	April 2/19	97E	57DC	1015	June 16	SF	April 16	Bull
	144G	April 8/19	205E	182D	1140	June 11	SF	March 19 (A.I.)	F
	166G	April 15/19	70E	8E	1070	June 19	SF	March 27 (A.I.)	F
	198G	April 24/19	97E	5D	1065	June 22	SF	March 30 (A.I.)	Bull

122G is a fancy, solid-marked heifer from a good cow we purchased in the Corbiell dispersal. All six mothers are very, very good cows - these heifers will work.

LOT L	Heifer	Date of Birth	Sire	Dam	Oct. 10 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date	Sex of Calf
	10G	March 19/19	5044C	15E	980	June 19	SF	March 27 (A.I.)	Bull
	118G	April 1/19	5110C	128C	920	---	---	May 5	?
	170G	April 16/19	205E	87W	972	June 13	SF	May 5	?
	173G	April 16/19	70E	85E	1010	June 18	SF	March 26 (A.I.)	Bull
	199G	April 25/19	70E	21E	968	---	---	April 21	?
	209G	April 30/19	70E	11E	1015	---	---	April 17	?

70E was a top maternal bull that sold in our 2018 sale to Hughes Hereford Ranch. Once again, lots of maternal power in both the sires and the dams.

**CHURCHILL SENSATION 028X**

Bred A.I. to twelve black heifers. Proven low birth weight sire with thickness, udder quality, and marbling.

**B P F SPECIAL FOCUS 504**

Bred A.I. to all the Hereford heifers. He was born in 2005, so is a super-proven low BW sire.

# GUEST CONSIGNORS - BRED HEIFERS

After going through three consecutive years of drought, we decided not to buy any heifers this year, but to invite customers to consign bred heifers. This year, the Mowats and the Finstads have heifers in the sale. We have sold their heifers for many years now, and have the utmost confidence that they will work really well for you.

## MOWAT BWF BRED HEIFERS

Fifteen fancy, fancy Black Baldy heifers consigned by the Mowat Ranch, Cowley, Alberta (Bruce and Marianne Mowat - (403)-628-2116). These heifers were exposed to C & N Safeguard 139E from June 15th until July 4th (**twenty days**). 139E is a super low BW Angus bull (79 lb BW, +0.2 BW EPD), with enough power to enable you to sell your calves with the rest of your calf crop. The open heifers from this package averaged 1083 lbs on October 6th. These heifers will flat out work.

## FINSTAD RANCHING LTD. BRED HEIFERS

We are very pleased to offer 45 of our top quality bred replacement heifers for the 2020 Stromsmoe sale. Our records indicate that we have been buying Stromsmoe bulls since 1988, so it is safe to say our cattle herd has been strongly influenced by Stromsmoe genetics. We would not hesitate to use any of the heifers in our own breeding program. These animals are up to date on their vaccines, following our vaccination protocol for calves which includes Bovi-shield Gold One Shot and Vision 8, with Somnus in the spring and fall, as well as Solvet Ivermectin in the fall. These heifers have also received a pre-breeding vaccination of Bovi-shield One Shot for BVD. The bulls were turned out on June 19, and all bulls used were Red Angus heifer bulls selected for light birth weights and calving ease, coming from reputable programs such as U2 Ranch, CD Land & Cattle, Benchmark Angus, XTC Ranch, and Watson Cattle. All heifers were ultra-sounded and confirmed bred by Blue Sky Veterinary Services on October 14th.

On behalf of myself and my wife, Lynette, Mel and Shari Reimer, and Steve and Michelle Finstad, we at Finstad Ranching Ltd would like to thank the Stromsmoes for inviting us to their sale, and to you, the buyers, for having a look at our heifers! Lee Finstad: (403)-868-2088.

We have pictured 64W (the mother of 69G) on more ads than any cow ever (plus she's the cow on our website), so you know how highly we regard her (106.5 WI on eight calves). A few years ago, we had a Hereford breeder tell us that she was the best Hereford cow he had ever seen. Whether you need a perfect heifer bull (69G is in the top 1% of the breed for calving ease) or plan to keep replacements - here is your bull. Living Springs Ranch, Dakota Beazer, and Minor Cattle Co. have brothers.

We purchased 8117U in Holden's 2013 cow sale. We absolutely loved the bull calf on her - incredibly thick and wide-based. He sold the following spring for \$21,000. 126G is a bull with lots of thickness. He carries his meat down into his lower quarter very well.

This is a long-striding, athletic bull with a touch more frame and incredible length. Largest scrotal in the sale (41 cm). His cow family features excellent udders, extra femininity, and lots of longevity (521L until 13 years old, and 21A until 17). Corrie Richardson, Gene Oss, and Brower Ranching have brothers.
